Subject

Herbicide use on Public Land

To Whom it may Concern

1 I am a Noxious Weed Supt. in Idaho.

I am in total support for the use of registered herbicides on federal ground.

2 I support Alternative B Expanded herbicide use and allow for use of new herbicides in 17 western states.

I oppose the other alternatives.

3 I have been a noxious weed supt. for over 20 years and it is discusting how much land is lost to noxious weeds.

4 The Federal Gov also needs to budget adequately for the use of herbicides on their lands while they still have a resource to enjoy.

Than you for the opportunity to comment on this.

John Cenarrusa, Supt. BCWC
